

More And Better Water Is Result Of Expansion And Good Management

LOOKING DOWN on the nearly completed \$344,000 addition to the Belle Glade Water Department shows the 500,000-gallon overhead tank with the original water plant building directly below. To the right of the tank is the new 750,000-gallon reservoir now in use. The building with square divisions is the million-gallon settling basin. At the left of it is the filtration basin. The figure-eight-type structures houses the accumulators which are no longer used. Behind that structure is the filtration building, nerve center of the plant where officers are located. Bottom right: the lower left-hand corner house street department equipment.

Lake Okechobee is the source storage basin or principal vehicle for fresh water for the third of Florida's population. Palm Beach, Broward and Dade counties.

The communities close to the lake are fortunate in the security of a fresh water source, and the envy of most of their sister communities in the three counties.

Belle Glade's water supply is the lake directly, while the eastern coastal areas must depend on waterways or ground accumulators, or both, with Lake Okechobee being the dependable vehicle of source.

Belle Glade's City Water Department gives a fair indication of what the lake communities have done in the past twenty years, and especially so now that a \$600,000 total bond indebtedness has been issued and a majority of the modernization completed.

With a value of around one million dollars, from a start of \$48,000 in bonds in 1927 providing some 390 water meters, we now have near 2,000 meters which serve 3,500 families.

Boat Enthusiasts Plan Welcome For Riviera Outboard Canvass

Riviera Beach Outboard Motor Club members met Aug. 26 with representatives of the Belle Glade Chamber of Commerce and Boat-Ski Club to co-ordinate efforts for Belle Glade's first boat-ski week which will leave the marina area on Tuesday, Saturday, Aug. 26.

The event, originally announced as Aug. 27, will mark the first time an out-of-town organization has used the Belle Glade port facilities for the start of a boat-ski week.

The Riviera Club, commanded by Miles Albertson, will arrive here Saturday morning about 9:30 with some 25-30 boats and more than 15 boat enthusiasts.

Using the city boat slips and the facilities of the Belle Glade Yacht Club, and the Mark Fish Camps, the east coasters will travel to Ft. Myers with a number of Belle Glade Boat-Ski Club members for company.

They'll return spasmodically Monday afternoon, Labor Day. Belle Glade officials have promised police escort, coffee and donuts Saturday morning and an ice truck and all the friendly help the Riviera folks feel they'll need.

Rotarians Host Prominent Figures

DISTRICT GOVERNOR of Rotary, L. B. (Slater) Slater (third from left) finds international visitors on his official visit to the Belle Glade club. Past President, Deacon Belcher, of Pahokee (left) brings to the Belle Glade club as visitors, Dr. A. Madama of the ICA program, Washington, D. C. (right of Slater) and Dr. A. Madama of the ICA program, Washington, D. C. (right of Slater), a graduate of the University of the Philippines College of Agriculture, Tom Breger, Chairman of International Affairs (second from left) and Charles Bolton, local president, are shown with the visitors.

Rotary Club in 116 countries and geographical regions throughout the world are united in an endeavor to promote peace and good will.

That was the mission of J. J. Slater, District Governor of District No. 699 of Rotary International, in addressing the Rotary Club of Belle Glade Friday following a "conference with local Rotary of the Riviera" and Rotary of the Riviera.

In addition to the activities of the more than 9,800 Rotary Clubs within their own com-

Council Approves Court Ordinance

The Belle Glade City Commission Wednesday passed on first reading an ordinance establishing a traffic court for offenders under 17 years of age.

In separate action the council agreed to allow the Belle Glade Lions to develop a public park area on the lake near the golf course.

The court ordinance calls for separate court sessions, suspensions of operator permits and authority to send a young driver to a drivers' training school. There can be no fines or commitment.

In the action for a public park on the Rim Canal, the council agreed to furnish as much as \$10,000 in clearing and preparing the site.

In other action the council: Hired a new engineer for the sewerage construction at \$300 per month; ordered strict enforcement of the ordinance dealing with trailers parked outside licensed parks; and ordered parking meters placed along the city streets.

(Continued on Page Four)

County Pushes Ave. E Project

Action to seek two road improvement projects in the Glades was pushed Monday by Commissioner Paul Rardin, Canal Point, at the county commission meeting.

Rardin set Sept. 22 as the date for breaking off negotiations for grants of way on Ave. E at Belle Glade. He said there appeared to be unwarranted delay in getting the project "rolling."

The county right of way department said that all property owners could be contacted within the next three weeks.

The commission went along with Rardin in asking that in instances where rights of way could not be secured by negotiation during that period that condemnation proceedings be instituted to avoid further delay.

The board approved the appointment of right of way appraisers for Lake Shore Drive.

Juvenile Drivers Warned By Chief

Strict enforcement of the law will be followed this year in the program to curb violations of driving drivers operating vehicles with restricted permits, Belle Glade Police Chief Charles Goodlett said last week.

City, county and state officers will be operating under a uniform code in efforts to stop violations as drivers with "B" licenses driving without a licensed operator with them.

Violators under 17 will be turned over to juvenile authorities and those over 17 years will be processed through the adult courts. License checks at undisclosed times will be held by all authorities, the chief stated.

Parents are morally obligated to prevent their children from breaking the law and they are personally responsible for any accidents or property damage when a youngster is involved in an accident, he reminded.

Goodlett said that the above nature are rare here, the chief said he thought it was only this week that plans were made for any further development there at this time.

The old home was one of the few to withstand the hurricane of 1928. About 40 people sought refuge from the big blow there. A building used for a grocery was also located on the site.

An addition to the home was built in 1928. Badger died in July of 1928. The grocery building was moved behind the home after that.

Among the people who lived in the home after Mrs. Badger left were Mrs. Middleton Barnes, the Joe Friedmans and Gordon E. Dunn. Mrs. Middleton Barnes, the Joe Friedmans and Gordon E. Dunn. Mrs. Middleton Barnes, the Joe Friedmans and Gordon E. Dunn.

Hurricanes To Be Dunn-ed

The one man who reports on When Men and How Fast a hurricane in the southeast Atlantic carries authority is Gordon E. Dunn, Miami, in charge of the Miami Weather Bureau.

When M. I. C. Dunn talks of hurricanes we up here around the Lake listen for he has the background of education and experience with these babies.

Well, Mr. Dunn is going to talk of hurricanes to local Rotarians on September 5th at the Country Club and interested non-Rotarians are invited. You'll be fed on your own financial liability if you'll make reservations by Wednesday noon, September 3rd through C. A. Bailey, the Program Chairman.

BC Kindergarten Registration Sept. 2

Registration for the Belle Glade Kindergarten will be held Tuesday, Sept. 2 at 9:30 a.m. at the Everglades Presbyterians Church, according to Mrs. W. M. Griesinger, chairman.

Mrs. Griesinger, teacher, will be assisted by Mrs. Magan Powell. The Kindergarten is sponsored by the Women's Club of Belle Glade. Officers of the kindergarten committee in addition to Mrs. Griesinger are Mrs. W. M. Griesinger, chairman, and Mrs. Howard C. Lamb.

Bardin Is Speaker

Paul Rardin, Canal Point, Palm Beach County Commissioner, will be the featured speaker at the Friday, Aug. 29, Rotary Club meeting. The commission announced that subject speaker will be guest speaker at road projects.

From Bunker Hill and Yorktown to San Juan Hill these

Sub Courtroom Will Be Dedicated Aug. 31

State Senator F. O. Dickinson, D. Palm Beach County, Commission Chairman Roy Michael have feature parts in the official dedication Aug. 31 at 3 p.m. of the Glades Office Building on SR 15 two miles north of Belle Glade.

Michael will give the official welcoming address then Loyal, vice chairman of the county board will introduce Dickinson who will make the dedicatory address.

Commissioner Paul Rardin, Canal Point, is in charge of the program.

Flood Control - Senator Holland SYNONYMOUS TERMS IN THE GLADES

As sure as Everglades Drainage District Bonds have been brought up in any discussion — legislatively or by ordinary taxpayers the "Old Man Roric" naturally was the companion thought and/or expression.

Mr. H. C. Roric thought the original bonds and became the representative of the bondholders to whom he sold, and he was not amiss in his urging legally and vigorously that his folks be protected.

His employment of legal talent and his dodging the service of legal papers in cross suits are legendary in the cool of the evening" conversations of the legal fraternity.

The man who succeeded in establishing confidence to the point of "across the table" dealing on the refunding of those bonds with a consequent saving of around \$18,000,000 was and is Spessard Holland, then Governor.

The man who has kept the "grass roots" enthusiasts in the Senate and in our efforts, and has engaged the full and enthusiastic support of the entire Florida Delegation to Congress, and several times the Legislature of Florida, is Spessard Holland.

The man who has "raised the ante" of House appropriations to the Senate, and has been mainly through the efforts of Spessard Holland, in the recent Conference which actually writes the final bill after passage by the Senate.

Our Senior Senator is also as familiar with letter and number designations of the several dikes, pump stations and canals, as are the US Engineers — he has studied the plan.

So those who have already, and will in the future, benefit from the Overall Flood Control Plan should seriously consider these accomplished facts and works that so far to insure fresh water to south Florida, including the "Old Man Roric."

Incidentally the Overall Flood Control Plan is the subject of study by peoples of the Earth, for nowhere else has man attempted to control so much water on so flat an area for the benefit of mankind.

Yes, Spessard Holland and Flood Control are "synonymous terms of gratification to the thoughtful of Southeast Florida."

Registration Continues At High School Today School Starts Sept. 2

Registration is still underway today at Belle Glade High School, according to Paul Rardin, principal. School opens for regular sessions Sept. 2 at 8:30 a.m. with bus making regular runs.

Pioneer Home Is Razed By Owner

One of the city's oldest residences, the William E. Badger home on North Canal St. E. (East Lake Road), has been demolished by its owner, Jerry and Louis Gold, at Pahokee who represent the present owners received word to demolish the building when the structure was deemed sub-standard for a dwelling. Jerry Gold said this week that plans were made for any further development there at this time.

Check "Artists" Stopped In City

Belle Glade police used their fingerprint machine and a law of "police know-how" recently to uncover a worthless check.

Joseph E. Hinkle and his wife, Laura, face two state felony warrants for passing a worthless check, a drop from last year's 7.5 mills.

Miller termed the budget a "break-even" budget which would not include a building program or replacement of equipment and other services.

He said he felt some of this could be accomplished through economies in the adjustment of the operational expenses. Certain costs to patients have unrealistic charges such as 25 cents on a patient's bill for a medication which cost the hospital \$1.80 to obtain without consideration for the expense of administering the medication. The item now costs a patient \$2.

Draft Dodgers, Kids Make Up Guard? Company Commander Bass Says No!

By Lt. Lowell Bass

Unfortunately, before the Little Rock incident few people gave much thought or attention to the National Guard. Some were surprised to learn and did call the Guard to active federal service.

Actually, the Guard has been in existence ever before we had an army or navy or country. The National Guard or Militia as it was called in its origin was first founded in Massachusetts in 1636.

These citizens soldiers, drafted or not, are the backbone of the American people.

In 1901 the National Guard was provided for by Congress in its present role. In World War I 380,000 Guardsmen saw service in that conflict.

In World War II, 18 divisions of the National Guard were sent overseas. Nine divisions to Europe and nine to the Pacific. The Korean conflict saw another chapter written in the already brilliant record of the National Guard.

Draft dodgers, Boy Scouts, military minded kids? Let's take these common nicknames for the Guardsmen, in that order.

First: draft dodgers. It is possible that some young men have joined the Guard with the purpose of avoiding active military service, but I am certain that they found soon thereafter that they were not serving with the Guard under draft dodgers. Men like our current commanders, Maj. Gen. A. B. Goffrey, 5th Division, Commander Col. B.

Yes, Spessard Holland and Flood Control are "synonymous terms of gratification to the thoughtful of Southeast Florida."

Elementary Staff Announced Here

Faculty and staff members of Belle Glade Elementary School have been announced by Principal Carl Crawford. Three new teachers have been added to the staff this term.

Crawford himself is transferred from Canal Point, announced that birth certificates for first month of school are due. A child can be enrolled.

Crawford, native of Kentucky, graduated from the University of Dayton, Ohio and received his AB and MA from Morehead State College, Morehead, Ky.

The new teachers are Miss Martha Bridges, Mrs. Minnie Williams and Mrs. Sarah Threlkeld. Mrs. Marjorie Fortenberry, secretary.

Only male member of the instructional staff is Hugh Ruden.

Hospital Millage Is Near 3.22 Now

When the county tax roll was announced this week by Assessor James Owens, the figure of nearly \$903 million in evaluation meant that \$362,511.80 was payable under the Southwestern Palm Beach County Hospital District for the operation of Belle Glade Memorial Hospital.

Administrator Floyd Miller, Jr., at Belle Glade Memorial Hospital said Wednesday that the county commission chairman, Roy Michael, has been notified that the county assessor has set a millage to obtain \$99,820 in taxes for the hospital for the fiscal year.

Miller said the tax rate would be fraction higher than 3.22 mills, a drop from last year's 7.5 mills.

Miller termed the budget a "break-even" budget which would not include a building program or replacement of equipment and other services.

He said he felt some of this could be accomplished through economies in the adjustment of the operational expenses. Certain costs to patients have unrealistic charges such as 25 cents on a patient's bill for a medication which cost the hospital \$1.80 to obtain without consideration for the expense of administering the medication. The item now costs a patient \$2.

Farmers' Co-ops Meet Sept. 14-16

A group of Glades growers and farmers will attend the Florida Council of Farmer Co-operatives annual meeting Sept. 14-16 at Orlando, according to L. L. Price, one of the Glades directors of that organization.

In addition to Price others expected to attend include George Young, also a director, John Dudley of Lake Shore Growers Co-op and a director of FCFC, and Frank Dole of Pioneer Growers Co-op.

Pahokee area representatives include Jess Elliott, first vice president of FCFC, representing Everglades Growers Co-op, and Wes Waddell of Lake Okechobee Farmer Co-op.

In addition to the business sessions and election of officers for the coming year, group discussions and special speakers are scheduled for the three-day meeting at the Cherry Plaza Hotel.

According to Al Whitmore, secretary and chairman of arrangements, the program has been devised to attract the attention of managers, accountants, attorneys and directors of the agricultural cooperatives.

Speakers have been selected to furnish information of importance to management.

Grid Potentials Continue Work

Workouts with the Belle Glade Rams football squad continue at the athletic field. Athletic Director Jim Maynor reports this week.

Seven lettermen will form the nucleus of this year's club. There are eight Seniors, 11 Juniors, 12 Sophomores and 10 freshmen on the squad.

Maynor says: "The boys are willing to work, but we will have to work hard to get them to find out the kind of ball club we will have. We certainly will have to work hard, as long as the boys are willing to work hard. We feel we can make a good team out of them."

Coaches this year are Bill Burke and Luke Thornton, Juniors. Coach Thornton is also the coach of the Varsity football, Vince Marquette moved up to backfield, and Hector Ouellette, varsity line.

First game Sept. 19 here with Punta Gorda (Charlotte County).

Operation Of Our County School System Is An Important Position

School enrollment in Palm Beach County stands at 40,371 and 1,492 teachers with an additional 1,931 employees. Between six and ten million dollars will be spent in the budget next year.

Schools are big business now. The administrators of such a business must be competent, informed and aggressive individuals.

In this series, The Herald is presenting brief sketches of our candidates to lead in making the important choices.

Candidates for this district in the Sept. Democratic primary are incumbent Ralph Kettler, insurance agent, West Palm Beach, Robert McK. Foster, partner in law firm, West Palm Beach, and Mrs. F. C. (Lillie) B. McKendree, retired school teacher, West Palm Beach.

"Education is the most important business in Palm Beach County," declares Foster, taking a strong stand against inflation. (Continued on Page Eight)

PO Close Labor Day Open Wednesdays Now

Belle Glade Postmaster George P. Farrell announced this week that the post office will remain open on Wednesday afternoons. Window service hours will be 9 a.m. to 5 p.m. Monday through Friday and 8 a.m. to noon on Saturday.

Dwelling Guttered Here

Fire of undetermined origin Saturday swept through a two-apartment dwelling owned by Milton Rader west of N. W. 3rd St. near the Hugo Theater.

One side of the dwelling was destroyed. Fire Chief L. E. Will said. The other side may be saved. Resident in the destroyed dwelling was Joe Lucas.

KENAF VISITOR last week was Senator Spessard Holland

(center) who made a tour of the fiber fields near Belle Glade with State Representative Emmett Roberts (left) and Herman Close, Holland's local campaign manager.

Keep Florida Ahead! RE-ELECT SPESSARD L. HOLLAND

YOUR U. S. SENATOR

SENATE HOLLAND'S VOTING 97.7% RECORD

His opponent's Senate voting record 76%

Who deserves your vote for U. S. Senator? Spessard Holland, with his 97.7% voting record and who stays on the job ALL the time? Or his opponent, who averaged a poor record of voting 76% of the time in the 79th, 80th and 81st Congresses. In fact, Holland's opponent missed 52% of the votes in one session, 47% in another.

Senator Holland has never failed to take a stand on important issues in the Senate. But his opponent did fail to vote on many issues when it suited his political ambitions to do so. Why did he fail the people of Florida? Where was he?

This voting record tells a big story. It's the story of one Senator who faithfully performs his duty to you and to his State... and of a former Senator who neglected his job and was defeated because of it.

Senator Holland has given sincere, dedicated service to Florida and the nation. His 97.7% voting record, one of the highest in the Senate for that entire period, shows that he stays on the job, exercises his sound judgment, and reflects the will of those he was elected to represent. Such a loyal public servant merits retention by the people of Florida.

Vote for and support Senator Spessard HOLLAND... YOUR U. S. Senator.

KEEP FLORIDA AHEAD WITH HOLLAND

BG Junior Chamber Holds Pot Luck Thursday

About 20 couples were on hand for last Thursday's Joyce pot luck supper at the Belle Glade municipal country club. The social function was highlighted by a menu of meat loaf, peas, corn, pie and salad. During the business session of the meeting the club decided definitely to hold a bigger and better turkey shoot similar to the one held last year, at the American Legion Hall.

Neighborhood Girl Scout Meet Sept. 2

The first neighborhood meeting of the Girl Scouts will be held Tuesday evening, Sept. 2, at the Girl Scout hut, in the announcement made by Mrs. Robert Allen, chairman. Mrs. Mina Holden, district director of the Palm-Glades Girl Scout Council will be present. Everyone interested in scouting and all leaders are urged to attend. Announcement of Girl Scout troop meetings and leaders will be announced the following week.

Millicent Nash Graduates Tonight

Miss Millicent Nash, daughter of Mrs. Rosa Nam, city, will graduate at commencement exercises, Thursday evening Aug. 28, at Charity Hospital School of Nursing, New Orleans, La. There are 71 candidates to be awarded the school diploma showing graduation from the three year course in professional nursing.

Miss Nash attended Belle Glade schools and is a graduate of Rosarian Academy, West Palm in 1955.

Sanseveria Appears Promising As Fiber Crop On Belle Glade Muck

The variegated "snake plant" known as sanseveria, familiar as a house plant, continues to look promising as a future cordage-fiber crop for the United States, the U. S. Department of Agriculture says.

This cooperative work by USDA's Agricultural Research Service and the Florida Agricultural Experiment Station indicates that sanseveria fiber production might be made commercially feasible in this country.

Earlier trials with parent species showed that at least two years' growth would be required to produce leaves of suitable length on mineral soils. On organic soils more fertile but cold, normal frost conditions in Florida prevented the parent plants from reaching commercial size.

But with the vigorously growing new hybrid, annual harvests prior to December or January may be practicable on Florida's highly productive muck soils, the scientists found. Leaves of hybrid sanseveria in test plots planted in April 1956 were frost-baked during the winter of 1957-58, but recovered during the 1958 growing season to reach a height of 4 to 5 feet by harvest time in November. The hybrid plants achieved several times the growth of their parent species.

USDA plant breeders believe that annual crops can be set every year after hybrid plantings become established. However, further tests are needed to determine the proper height.

at which leaves should be cut to withstand unusually cold winters, such as that of 1957-58. Last winter some of the roots were killed on hybrid plants that had been cut at the soil surface.

Sanseveria grows half-width in Florida and is a commercial crop in some parts of Mexico. Experiments with various methods of obtaining plantings indicate that leaf cuttings, set in fields, will give satisfactory plants for fiber production.

Boys and Girls In Service

Robert L. Dillon, son of Mr. and Mrs. Paul Dillon of Belle Glade, Fla., and husband of the former Miss Margie E. McDonald of Belle Glade, graduated from recruit training Aug. 16 at the Naval Training Center, Great Lakes, Ill.

The graduation exercises, marking the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

BELLE GLADE HERALD

FHP Warns You About Labor Day

The Florida Highway Patrol today reminds motorists that not much time is left between now and the last "big fling" at summer Labor Day week-end.

"It might seem a little early to start to talk about Labor Day, but in August," said Patrol Comdr. H. N. Kirkman, "but it isn't. Actually, we all consider that week-end the last big vacation push before summer ends, and with it goes a big driver responsibility."

Every Labor Day brings out a multitude of people here in Florida, those who are taking the last of a vacation and those who have already been but wait to get in a few extra lights at a hot weather outing before the kids start to school again.

Traffic accidents claimed the lives of 14 people last Labor Day holiday. The period was 78 hours long, starting at 6 a. m. Friday and lasting until midnight the following Monday.

The same length of time will be observed this year, and, although Florida is running slightly behind traffic deaths totals compared to 1957, Comdr. Kirkman declared:

"We can't be two careful. Every second you are on the highway counts. One false move and you're out! The more drivers out on any occasion, the greater the possibility of getting in a wreck. So, for now and always, be careful."

The Herald welcomes news items from your church each week. Call WYman 6-2556 not later than Tuesday noon for publication Thursday.

Baptists Arrange Teacher Luncheon

The First Baptist Church, Belle Glade will entertain the teachers of Junior and Senior High School, West Lake Rd., Central Elementary School, West Lake Rd., and Osceola School at a luncheon, Sept. 7 at 12:45 p. m. in the recreation room of the church.

Rapid progress is being made on the North Belle Glade Mission, which is sponsored by the First Baptist Church. The people are invited to drive by N. W. Ave. L and see the building in progress opposite the entrance of Osceola Center.

The floor covering on the recreation room at the church has been completed and was used for the first time last Sunday. The Beginner and Primary Sunbeams will resume their meetings on the first Tuesday in September at 3:30 p. m. Parents are urged to enroll their Beginner and Primary age children in one of the Sunbeam Bands this fall.

The following new members were welcomed into the church last Sunday: Mr. and Mrs. Z. C. O'Farrell, Grady and Collin O'Farrell of 300 West Palm Beach road came by letter from the

Missionary Alliance Bible School Closes

Commencement for the Christian Missionary Alliance Bible School was held Friday morning, Sept. 25, at the church. Teachers were Mrs. Stevens, Mrs. Brannon, Mrs. Birdman and the pastor of the church, Robert L. Lovette.

Approximately 40 parents and friends attended the closing exercises.

Sermon Topics

Church of Christ — Mac Lynn, evangelist announce his sermon topic for Sunday morning August 31 will be "The Growth of the Church."

Everglades Presbyterian — "Steps Toward Maturity" will be the morning service sermon August 31 of Dr. J. Leighton Scott.

The First Baptist Church in Orlando, Florida; Mr. and Mrs. Lloyd C. Strayer, Phyllis and Larry Strayer, 509 N. W. 17th St., came by letter from the First Baptist Church of Cleveland, and Miss Lillian Olsen came by letter from the First Baptist Church of Tallahassee.

Bible School Has Closing Program

"Tell Me the Story of Jesus" was the theme of the Vacation Bible School conducted at the Everglades Presbyterian Church which closed with a program Friday morning for parents and friends.

Director of the Bible school, Mrs. Urban Felsing, reported an enrollment of 72. The week was a very enjoyable one for the teachers and students.

Students in the Junior Department were instructed and completed oil paintings in addition to the Bible stories. The primary group studied and learned about the life of Christ as he grew up and made with various articles including modeling clay a "Palestinian Village." The Kindergarten group planted seeds and watched them grow, made vases and did finger painting. They learned in their Bible study how Jesus helped others.

Children had a refreshment break at 10 o'clock each morning with orange juice or punch and cookies furnished by the teachers and served under the direction of Mrs. L. L. Price with Miss Janet Ludlow assisting. Refreshments were served at the closing program to guests and parents. At that time each group presented songs they had learned. Dr. J. Leighton Scott, pastor gave the benediction.

Board Of Big Lake Association Meets

Members of the executive board of the Big Lake Association held a call meeting at the First Baptist Church of South Bay Friday night. Preceding the meeting the committees enjoyed a delicious meal at Ray's Smoke House in South Bay.

Representing the following churches were Dennis Small, associational moderator, Mrs. Small, and the Rev. Euel Section, pastor of LaBelle Baptist Church; the Rev. B. J. Kinlow, pastor South Clewiston First Baptist Church; Rev. W. H. Hamel, pastor of H. Haven Church; N. Miller, Jr., Mr. Perry of the Rev. L. T. Fagan, pastor First Baptist Church Clewiston and W. G. Bowen and pastor, Rev. L. C. Woolridge of the local church.

After the board session the regular Sunday School meeting was conducted with a panel discussion. Rev. C. J. Smyly of Jacksonville, member of the state board of Southern Baptists was present.

A report was given on the vacation bible school offering for the commencement night which was \$18.65 and the school cooperative program which was \$23.46.

At the prayer service each Wednesday the Rev. Euel Section is continued to be studied. The service is held at 8 p. m. and an invitation is extended to all in the community to attend.

Evangelist Will Return To School

Mac Lynn, evangelist at the Church of Christ, is expected to leave here Labor Day for Senatobia, Miss., where he and Mrs. Lynn and baby daughter, Karen will reside.

Mr. Lynn plans to continue his education and work on his masters degree at Harding College School of Bible and Religion at Memphis, Tenn., and also will preach in Senatobia.

Having attended high school here, Mr. Lynn returned in July 1958 where he interned for two months at the local church. Last year after receiving his B. A. degree at Morehead State College, Morehead, Ky., he took over duties as minister here. Previous to interning here he completed three years at Florida Christian College, Tampa and a summer's work at Davis Liscomb College, Nashville, Tenn.

He will preach his first sermon at the new church on Sept. 1. Best wishes of the community go with the young couple to their new home.

Mrs. Weaver Gives Program On Missions

The Women's Society of Christian Service of the Methodist Church, Lake Harbor met at the home of Mrs. John D. Hemphill Monday, with Mrs. Hemphill presiding. Mrs. E. C. Miller gave the devotional and Mrs. Jim Spires read the minutes of the last meeting.

A linen shower was discussed for the parsonage, and the purchase of a vacuum cleaner for the church was voted on. Treasurer's report was given by Mrs. F. Royal. Mrs. E. W. Weaver gave the program on Missions.

Others attending were: Mrs. Marvin Lee, Mrs. Frank Robertson, Mrs. H. D. Merriam. Refreshments were served by Mrs. Hemphill.

Church of Christ Scientists

The practical importance of the healing works of Christ Jesus to mankind today will be brought out at Christian Science services Sunday.

Scriptural readings in the Lesson-Sermon entitled "Christ Jesus" will include the account in John (9: 1-7) of Jesus' healing of the blind man.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read this selection: "Christianity as Jesus taught it was not a creed, but a system of common sense, a special gift from a ritualistic Jehovah; but it was the demonstration of divine Love, revealing error and healing the sick, not merely in the name of Christ, or Truth, but in demonstration of Truth, as must be the case in the cycles of divine light" (135: 28).

The Golden Text is from John (12: 46): "I am come a light into the world; that whosoever believeth on me should not abide in darkness."

Sister Of Mrs. Cameron Injured At Deland, Fla.

Mrs. Frances Patterson, sister of Helen Cameron of this city, is in Fish Memorial Hospital, Deland, where she underwent surgery Monday following an automobile accident in downtown Deland Saturday morning. The extent of injuries are not known at this time, but the accident occurred at an intersection when the driver of the other car ran a red light hitting the Volkswagen driven by Mrs. Patterson, brother-in-law, the impact causing it to crash into another car.

Mrs. Cameron was called to Deland several weeks ago by the illness of her mother, who still remains in the hospital in a serious condition. Friends may get in touch with Mrs. Cameron at 612 N. High St., Deland, Fla.

Council Approves

(Continued from Page One)
The council also appointed an election board and noted that Friday is the last day for registration of voters.

Les Puckett was re-appointed to the civil service board, and Herman Close was re-appointed to county board of health.

City Manager Anderson announced that bids on the collection system sewer and water be opened Sept. 10 and that construction would probably start about two months.

TODAY'S Meditation

Chapman Room

IN THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read Jeremiah 18: 1-6 or II Timothy 2: 11-16

Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth. (II Timothy 2: 15)

In the long ago the prophet Jeremiah seemed to have come to the end of his vision and courage. Then God told him to go to the potter's place of work to receive new vision and inspiration.

Jeremiah noticed that the potter worked efficiently and patiently. If the vessel he was making did not turn out well, he took the very same clay and remolded it until he succeeded in making of it a vessel of beauty and use.

This efficient, patient workmanship became a means by which God got through to inspire a prophet, enlighten a nation, and reveal his way to His world.

If well and truly done, our daily work can become channels also of God's grace to men in their need, a means of new inspiration to those who love God.

PRAYER: O God, whose blessed Son worked most of His life as a village carpenter, grant that through our daily toil we may accomplish the work for which Thou didst send us into the world. Thou shalt have all the glory; through Christ our Lord. Amen.

Thought for the Day
I want my work this day to be God's glory.
J. B. Dawson, New Zealand

STRENGTH FOR 30 DAYS

Can do all things through Christ which strengtheneth me.—(Philippians 4, 13.)

As he was in the days of the apostle Paul, so is the Lord Jesus Christ present today at the side of every righteous man—giving us freely and overflowing of superhuman strength and power for good... "Lo, I am with you always."

Rogers Bill Now Law

President Eisenhower Tuesday signed into law HD 6002, the Paul Rogers economy bill, termed the most important budget reform in 20 years.

Rogers telegrams from Washington that the bill carries one of the most far-reaching and significant recommendations of the bipartisan Hoover Commission which will enable Congress to fix the limit of expenditures of money on an annual basis and regain control over backlog expenditures now estimated at over \$70 billion.

God gives us relatives; thank God we can choose our friends:—Addison Mizner

SMART ONES ENJOY RELAXED

Living with Holsum

With Holsum Bread, you can slash bacterial spot damage to your crops. You boost yields, improve quality and reduce costs by eliminating bacteria. This new antibiotic spray provides unmatched control for this costly disease.

Here are five tested reasons why it will pay you to use Agri-Strep:

1. Agri-Strep contains only streptomycin—the one antibiotic suitable for bacterial spots.
2. Agri-Strep sprays are quickly absorbed by leaf tissues—kill disease germs without damaging the plant.
3. Agri-Strep will not clog or corrode sprayers, and leaves no residue on crops.
4. Agri-Strep, used as directed, is non-toxic.
5. Agri-Strep is recommended by many State Agricultural Experiment Stations.

Decide now to boost your profits with economical Agri-Strep. Extensive commercial tests have proved bigger and better crops are in store for users of Agri-Strep.

AGRI-STREP IS AVAILABLE IN THESE PRODUCTS:
AGRI-STREP, Mergers Chemical Division, Food Machinery and Chemical Corp.
AGRI-STREP, Woodbury Chemical Co.
AGRI-STREP, Florida East Coast Fertilizer Co.
AGRI-STREP, California Spray Chemical Co., Inc.
AGRI-STREP, 195, Shafter Chemical Co., Inc.

Miss Pat Smith Is Married To Louis Friedheim

Miss Pat Smith, daughter of Mr. and Mrs. C. E. Smith and Louis Friedheim, son of Mr. and Mrs. Joe Friedheim were united in marriage in Folkston, Ga.

ing year. She is a member of the Order of Edith for Girls. The bridegroom is a graduate of the local high school and attended Spring Hill College, Mobile, Ala., as a freshman. He is high school basketball player and served on the student council. The couple returned here the latter part of the week and are presently making their home in Lake Worth.

Dawn Johnson And Shelton Todd Wed

The marriage of Miss Dawn Johnson and Shelton Todd, Jr. was solemnized at the home of the Rev. and Mrs. Kenneth Price, 1222 N.W. Ave. D, Belle Glade Monday night, August 18 at 7:30 o'clock.

The Rev. Price, pastor of the Belle Glade of the Nazarene, performed the single ring ceremony in the presence of friends and immediate members of both families.

Miss Johnson is the daughter of Mr. and Mrs. E. M. Johnson of this city and Mr. Todd is the son of Mr. and Mrs. Roland S. Todd of Pahokee.

The bride attended the local high school and Mr. Todd is a graduate of Pahokee High School 1934. The couple are currently residing at their home with their parents, Mr. and Mrs. C. M. Todd in Pahokee.

Doris Singletary and Willard Garrett Exchange Vows in Saturday Ceremony

Pink baskets of white carnations and pom-poms and lighted tapers in candelabras decorated the Canal Point Baptist Church for the wedding of Miss Doris Elizabeth Singletary and Willard Garrett, which was an event of Saturday at 3:30 p. m. Rev. Charles Stewart read the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Ray Singletary of Canal Point and the bridegroom is the son of Mr. Clyde Garrett and the late Mrs. Garrett of Belle Glade.

Miss Dorothy Chastain played traditional wedding music and Miss Jill McIlwain, organist, accompanied her brother, Chandler McIlwain, who sang, "True Love" and "Oh Promise Me."

Mr. Singletary gave his daughter in marriage. She was lovely in a gown of chantilly lace and tulle over satin featuring a fitted bodice, sashina neckline, highlighted with tear-drop pearls and rhinestones and long tapered sleeves. Side tiers of lace and ruffles were used on the bouffant skirt with a center panel compelling the full sweep train. Her finger tip veil of illusion was attached to a crown of tear drop pearls and rhinestones and she carried a white prayer book topped with a cascade arrangement of white orchids, queen Ann's lace and forget-me-nots.

Miss Barbara Vertommen, Pahokee, was maid of honor. She wore a ballerina length gown of blue embroidered silk organza over taffeta, fashioned with a fitted bodice, full skirt and a wide matching blue organza sash with a bustle bow. Her headpiece was of blue net and she carried a bouquet of blue carnations.

The Misses Bobbie Faulkner and Sarah January of Belle Glade and Miss Connie Singletary were bridesmaids. Their gowns were identical to the maid of honor, in pink.

Claudia Connelly, cousin of the bride was flower girl. She wore a white organza frock over taffeta and carried a basket of pom-pom petals. Mrs. Singletary, mother of the bride chose for the wedding a pale blue lace dress, trimmed in gold and blue accessories and she wore a lavender orchid corsage.

Immediately after the ceremony a reception was held at the home of the bride's parents. Floral arrangements were used about the rooms. Assisting were Mrs. Lois White, Mrs. Lavin Bass, Mrs. Thelma Williams.

Following a brief wedding trip the couple are making their home on Barfield Highway, Pahokee.

Strayer Family Moves Here From Clewiston

Mr. and Mrs. Lloyd C. Strayer, residents of Clewiston for the past 11 years, moved to Belle Glade last Thursday to make their home. Mr. Strayer will be engaged in the farming business here.

The family well-known in the Clewiston area, moved here from Stuttgart, Ark., and farmed in the Hicopoc area of Glades County. Their son, Larry, and daughter, Phyllis will enroll in the local schools.

Belle Glade Personal Notes

Guests of Penny and Peggy Carlton for a week were their cousins, Martin and Tommy Harrell of Lakeland.

Jim Watkins of Bogalusa, La., arrived Wednesday for a visit with his fiancée, Miss Frances Sloan. They will fly to Pineville, La., Tuesday to complete their junior year at Louisiana College.

Mr. and Mrs. A. E. Kirshman and family are vacationing in Havana Cuba for two weeks.

Miss Barbara Wedgworth, recently returned from a nine weeks tour of 14 countries in Europe, spent last week end with her mother, Mrs. Ruth Wedgworth here. A teacher at Northwood Elementary School, West Palm Beach, Miss Wedgworth reports a wonderful time going over by boat and returning by plane. She was with Knight Tours, which included a group of college students and teachers. She visited friends from Belle Glade Mr. and Mrs. Robert Hooker in Germany and did some sightseeing at the World's Fair. In Paris the Hookers spent the weekend with her.

Miss Jo Ellen Foss Honoree At Party

Mrs. U. W. Malcolm entertained at a party Monday evening at her home 17 N.W. Ave B, in honor of Miss Jo Ellen Foss of Rome, Ga., who is here visiting her aunt, Miss Kitty Alford this month.

The rooms were decorated throughout with arrangements of summer flowers.

Delicious refreshments of tea sandwiches, cheese straws and punch were served by the hostess.

Enjoying the party were Miss Molly Forsee, Miss Mary Lou Pitts, Mrs. Dalton Harrison, the Misses Leora, Pat and Sue Geer, Mrs. Clyde Parrish, Miss Marion Browne, Miss Ouida Lanier, Mrs. S. M. McAllister and Miss Kitty Alford.

Linda Goforth Feted On Fifteenth Birthday

In compliment to her daughter, Linda, on her 15th birthday, Mrs. George Goforth entertained at a party at her home on Palm Beach Rd., Friday evening.

The rooms were decorated with streamers of pink and white crepe paper. Dances were enjoyed by the teen-agers and favors of horn were presented.

Sandwiches, pickles, cakes were served during the evening and later birthday cake and punch. The large sheet cake was decorated and inscribed with "Happy Birthday, Linda." The honoree received many lovely gifts.

Present were Judy Amedee, Carol McClurg, Janet Wintertraw, Sandi Mooney, Mary Mathewson, Jimmy Lee Mills, Ramona Atkinson, Janet Rhymes, Janet Lindlow, Patty Anderson, Jimmy DeGraw, Philip Pierce, Ruth Buss, Carl Norris, Ronald Hulsebeth, Danny Stanley, James Weathers, Jack McCaskill, Teddy Roman, Corky McKee, Dwight Ward, Sidney Pearce, Freddy Forsee, Doug Thompson, Charles Pool, and Glen Bair.

HAPPY BIRTHDAY GREETINGS

(If you'd like to have someone's birthday listed in this column you may do so by phoning the HERALD Friday morning preceding the publication in which it's to appear.)

Today: H. B. McCall, Karl Walker.

Aug. 30: C. L. McWhorter.

Aug. 31: Richard Guzman, Ruby C. Sneider, Sharon Bea Smith.

Sept. 1: Vivian Welser, Brooks Whitlock, Kathleen H. Mapp.

Sept. 2: Douglas Perkins, Tommy Smith, Cliff Collins, Kathy Brown.

Sept. 3: Cynthia Hair, Victor Green, Linda Evans, Ray Whitlock.

Casualty Close

Regretfully, we left New Hampshire and entered Maine in the southwest corner and soon came to Mountain Blue State Park which is on the shores of Webb Lake. The tent camping area was full, but we were allowed to camp on the picnic area right on the edge of the lake. It was a lovely place and we met some very friendly people.

We all had a swim and the boys had plenty of time to play catch. The twins have been real good travelers. We have some games for them and a few small toys, pencil and paper, and a fine for going faster than a walk. We had a time trying to decide just how fast that would be.

From Mt. Blue we drove east through Bangor to the coast and Route 1. We had all heard so much about the rocky coast of Maine. We were a little disappointed here as the coast was not as we had expected, the roads were quite poor, and the scenery was flat. However, as we continued north we got farther away from the coast and the countryside became more attractive.

We passed through acres and acres of Christmas trees. We were very interested in the fact that many of the big farm houses were connected to the barns. Of course, the barns were huge but it was so odd to see them built right on to the homes. We assumed it was so the farmers could take care of the livestock on cold, winter mornings without going outside.

Many of the farms had corn growing that was only a few weeks old, and many, many fields of hay. The farther we went in Maine the prettier the scenery was and the farm section in the northern part of Maine was very, very pretty. In Aroostook County we passed hundreds of acres of potatoes in bloom. This really is a potato section.

We camped at Aroostook Camp and again were on the edge of a lovely lake. It was quite cold here and we really had to cover up that night. We had a shower that night so things were a little damp in the morning but we all slept dry and comfortably. We left Maine, crossed the St. John River, and entered New Brunswick, Canada at the little town of St. Leonard. We went through the customs in about 15 minutes.

The first thing we noticed that was different was that many radio stations were announcing everything in French, and many signs were in French. However, the road signs were in both French and English or we would probably still be up in Canada. We left New Brunswick and drove west into the province of Quebec. We stopped in the town of Edmundston for groceries and were amazed at the parking meters. There were two meters on one post, they were gold colored, and were back of the sidewalk instead of near the street.

In spite of all that you still had to put money in them. And we found that many of the people could understand English.

Coming out of town and into the country again we saw some large pulp mills. And the rivers were full of pulp wood floating down to the mills. All through the section of Canada that we traveled we continued to see pulp wood in the streams and rivers.

Right along here we crossed another covered bridge with a sign in it that read, "420.00 fine for going faster than a walk." We had a time trying to decide just how fast that would be.

We had lunch that day in a forest of Christmas trees. The country here was just filled with them. And many of the fields had old fashioned split rail fences. The fences didn't look like they would stay up if there were a breath of air, but they were quite old and so they must be tougher than they look.

Coming through one section we saw big piles of some dark material that looked like brown dirt. We found that it was peat moss ready to be loaded on trucks. In this part of Canada we also saw a lot of cattle and sheep.

We drove along the St. Lawrence River for about 100 miles. This is quite a large river. On one side were mountains and on the other was a valley about a mile wide.

We spent the night at a trailer park about 8 miles south of the city of Quebec. We stopped at an information center outside the city and found we would need a permit to camp in the national park some 35 miles north of Quebec. The permit had to be obtained from an office ahead of time, so when the man at the information center suggested the trailer camp we were glad to try it. And it proved to be very satisfactory.

Cards Face Giants Here Labor Day

The Belle Glade Cardinals baseball team will play the Polk County Giants in a special Labor Day doubleheader at Lake Shore athletic field Monday, Sept. 1 with Alfonso Walker and Ollie Davis slated for mound assignments.

Tickets to the games entitle the bearer to a free fish fry. There will be no home game Sunday although the Cards may arrange a contest away.

The Giants, formerly called All-Stars are a highly respected, powerful team, reportedly. The Cards will face them with a 19-3 season record of accomplishment.

Last Sunday the Cards took seven hits off Ft. Lauderdale Clown pitcher, Herbert Warren and won 8-2 as Walker held the visitors to five hits. It was Walker's 12th win in 13 starts.

The remaining schedule for the Cards, as it is available, shows Hallandale Giants here Sept. 7, West Palm Beach Indians here Sept. 14 and Ft. Myers Jets here Sept. 21.

Negro Crushed Thursday In Accident At Pahokee

A backing water truck crushed a 25-year-old Negro laborer, Melvin Lee Peterson, of Pahokee, Thursday when the man lost his balance and fell under the wheels, the county sheriff's department reported.

Peterson was standing at the side of a road off SR 704 north of Air Products plant when the Ruben Construction Co. truck back backed to pull a road grader out of a ditch.

No charges were placed against the driver, Joe Brewer, of Belle Glade. A Ruben employee said Peterson had no business being where he was when the accident occurred.

He is survived by his mother, Mrs. Mary Peterson of La Grange, Ga. Burial was at that city.

Fire Destroys House At Okeechobee Center

Fire destroyed the residence of Mary Sparks about 8:45 p. m. Thursday night at Okeechobee Center. The labor home at No. 2 Washington St. may have been struck by lightning. Fire Chief L. E. Will said.

The mother and her children, but all their belongings as the fire swept through the frame building before men at the center and Belle Glade firemen could douse the blaze.

Don't get too hot in traffic. It only leads to a blistering session with a traffic court judge.

Prisoner's Death Goes To Fall Grand Jury

Details of the death last week of a 54-year-old Negro convict at Glades State Prison Farm will be given to the fall grand jury in October, authorities at West Palm Beach said this week.

Fred Brinson, 58, of Jacksonville, serving 30 years for second degree murder, is being held in county jail for investigation of murder in the death of another inmate, Jessie Doyle.

An autopsy report showed that Doyle died of a malfunction of red blood cells, not a blow on the head which the deceased suffered while Brinson struggled with him in a fight at the farm.

Water Works
(Continued from Page One)

Farm, Everglades Experiment Station, Belle Glade Highway Authority and the City of South Bay receive water, but serve near 1,500 families.

In the new plant we are able to have on hand two days supply at any one time — more than a million gallons storage — and we have better water, using less chemicals, clearer and more tasty.

Our superintendent and one of his assistants have "B" rating by the state board as operators.

In the new plant color control is much more effective with the ability to bring the color down to 20 parts per million with less chemicals and with considerably less time of operation.

The old plant ran 24 hours daily a considerable part of the time, and the new plant is now operating from 9 to 16 hours daily.

Our lines to the lake are of sufficient capacity to care for present needs and may be boosted in capacity four times by the installation of force pumps.

In '57 the water plant statement shows a net revenue of approximately \$30,000, and has consistently shown a profit over the years for we have a net value of 400 to 500 thousand dollars.

Over the years a considerable amount of improvements have come from current operating profits.

We have at our doorstep what east coast communities would be glad to pay millions for — Lake Okechobee as a fresh water source, unlimited in quantity and substantial in quality.

Mr. Clarence H. Throop, our Water Works Superintendent is to be congratulated on the condition and reputation of the plant.

Morris Announces Staff And Faculty

The position of black-treasurer, a new post at Belle Glade High School, will be filled by Miss Alice Faye Herring, stated Morris on Monday.

Mrs. L. P. Parson will return this year as high school secretary. High school teachers resuming their positions on the faculty are:

Mrs. Opal Dix, Mrs. Margaret O. Earwood, Miss Kay Fears, Wayne Fortenberry, Mrs. Dorothy Jones, Mrs. Ruth Lang, Mrs. Hazel Litchfield, Sam S. Lovell, J. J. McCaskill, James Maynor, Vince Marques, Hector Ouellette, Raymond D. Payne, Miss Kathleen Rogers and Miss Cynthia Slater.

Check Artist
(Continued from Page One)

The title to the car he was driving. The prints were taken and sent through FBI channels. That did the trick. Police Chief Goodlett said questioning revealed that the couple had come to Belle Glade specifically to pass worthless checks. Two other cars with two partners each had come about the same time but managed to get out of town before being apprehended.

Chief Goodlett warned the public to report any suspicious persons attempting to cash a check here.

The Hinkle car was impounded by the city. Plastered on the rear of the car were numerous "catchy phrases" such as "Don't Laugh, It's Paid For" with worthless checks, we assume.

Rotarians Host

study in 43 countries.

"With fellowship and service to others as its keynote, Rotary provides a common ground for 462,500 business and professional executives throughout the world, regardless of differing nationalities or language or political and religious beliefs," the Rotary District Governor emphasized.

"In addition to the promotion of international understanding," Mr. Slater continued, "special emphasis is being placed by Rotary Clubs in this District, which includes 43 Rotary Clubs along the East coast of Florida, on community problems as they arise in each City served by their local Club."

Mr. Slater urged the local Rotarians to attend the Rotary District Conference to be held in Boca Raton in November and to make plans for the Club to be well represented at the 80th annual convention of Rotary International, which will be held in New York City next June.
